# Assignment 1

---

## Question 1

Write a short report on the no-dig garden you built (based on Set Task 1). (Write 200 words or ½ page maximum).

## Question 2

Explain the goals being pursued by three different examples of permaculture designs (based on Set Task 2). (Write 200 words or ½ page maximum for each example).

## Question 3

Explain the procedures used for the following techniques (that are sympathetic to permaculture), including:

- No Dig Gardening/Sheet mulching
- Companion Planting
- Biological Control
- Sustainable Harvesting.

(Write one paragraph for each procedure).
